- **Judo Races**
- **Ne-waza Knockout**
- **Tumble Rumble**
- **Last Man Standing**
- **Team Tournament**

***It's the fun and friendly tournament
your kids would kill to be in!***

What are the KIC Cup Judo Games?

The KIC Cup Judo Games is a new concept in judo tournaments. Teams compete in 6 events to decide the winning team. Every event has championship points up for grabs.

Take a Tail – competitors have a fabric strip tucked under their belt on their back – this is their “tail”. Competitors steal as many tails as they can while protecting their own.

Judo Races – Teams compete in judo relay races: “O-soto-gari Hop”, “Seoi-Nage Carry”, “O-uchi-gari Hop”, “O-goshi Shuffle”. First team home gets the points but take care! Cut corners on the technique and you’re sent back to the start!!

Ne-waza Knockout – Competitors face an opponent on the knees – first to pin the other on their back for 10 seconds “lives”, the other “dies”. Winners face off until one person is the winner, or if time runs out first, those left are joint winners.

Tumble Rumble – students use a basic hip throw to take turns flipping each other. The most flips performed by a pair in 1 minute wins the points.

Last Man Standing – Competitors face an opponent. First to throw the other stays in the game, the loser retreats to the edge of the mat. Last person standing is the Champion!!

Lightening Team Tournament – Throwing and Grappling skills are combined as Teams compete in an elimination tournament. Losing teams are knocked out, winning teams try to progress to the Grand Final.
